Oral Health Professionals Education in Europe

Intellectual output 1

A Scoping Review on the Reporting of Oral Health Professional Education in Europe

Co-funded by the Erasmus+ Programme of the European Union

Project 2019-1-F01-KA203-062894

Background

FRA EUROPEAN UNION AGENCY FOR FUNDAMENTAL RIGHTS

DIRECTIVE 2005/36/EC on the recognition of professional qualifications

Current situation

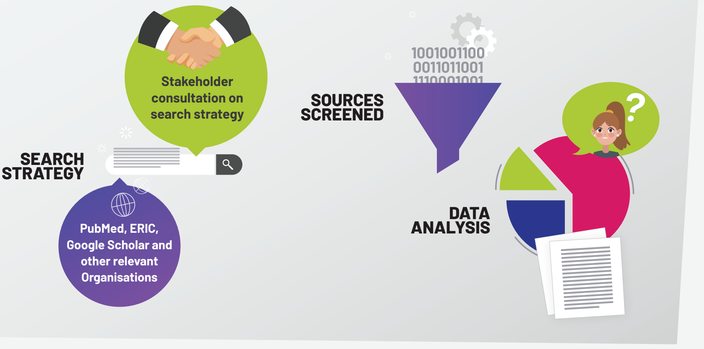
freedom to move as OHP's across Europe however **lack of knowledge and reporting** on OHP education delivery

A Scoping Review on the Reporting of Oral Health Professional Education in Europe

Methodology

METHODOLOGICAL FRAMEWORK

PRISMA & Arksey & O'Malley methodological frameworks for scoping reviews were used



Results

549 SOURCES RETRIEVED

484 SOURCES EXCLUDED

2007 AVERAGE YEAR

85 SOURCES INCLUDED

4 themes emerged

Programme-level data
Lack of data on educational strategies and principles

Discipline-level data
Greater focus on educational practice, rather than political drivers

Other OHP education
Majority of the data concerns dental hygienist education

Postgraduate education and CPD
Most described the current state at a discipline level

1969

1970 1971 1972 1973

year range

2015 2016 2017 2018

2019

Most commonly published in Dental Education Journals

Conclusion

European Journal of **Dental Education**
https://doi.org/10.1111/eje.12577

Reporting of **OHP** education in Europe is limited

Limited knowledge on how education is implemented and delivered

Greater need for comprehensive educationally driven programme level data on **OHP** education across Europe.
